WHAT AMERICA MEANS TO ME

America means to me many freedoms, freedom of speech, freedom of choice and many others. We Americans have a great heritage. America means that I have many rights that other people do not have. Many people come to America to start new lives because where they used to live some rights that I have were denied them or they want a better job. America means that I can be whatever I work to become. America isn't perfect but I'd rather live here than anywhere in the world. But most of all to me America means the rights that no one can take away from me.

In America I have freedom of speech, I can say anything I want to say when I want to say it. I can choose where I want to live, what church I attend and what job I take. I can't be sent to prison without a fair trial. I think the freedoms we are guaranteed as Americans are what makes America great. Someday even I will be able to vote for who runs the government of the United States.

America means that I have a great heritage to live up to. We have a great history, we fought for our freedom so we could have some of the rights we have now. Then in later wars we fought to retain our freedom which might have been taken from us.

Americans have many rights that people in other countries do not. I can criticize anything in America I want to without the fear of being put in jail.

No matter what I was born I can work to be a better person by getting a good education.

The rights we have make it great. America means home to me.

SELECTMEN'S REPORT

During the course of the year, there were a number of municipal problems that arose which required a good hard look at our fiscal projections. The main problem, as you are aware, was the necessity of the town to re-assess its buildings and land with an across-the-board increase of 18% on buildings and 50% on land. As was explained at a public hearing, this was necessitated by the increased cost of school monies appropriations. It is anticipated that during the tax year 1971 the tax rate and/or the assessment valuation will have to be increased because of increased school and town money projections.

In view of the ever-increasing complexities of government, it has become necessary for all town officials to seek legal advice in many situations which affect the orderly management of town affairs. During the course of the year, there were several court prosecutions of Zoning ordinance violations. Presently, two of these cases are pending appeal in the N. H. Supreme Court. It is anticipated that this year there may be other court proceedings involving the legality of the Chester Zoning Ordinance.

With the use of State provided T.R.A. (Town Road Assistance) Funds, work was completed on the project to black-top that portion of Halls Village Road, from Halls Village to the Wilson Brook on Rte. 121. In addition, the project to black-top a short stretch of Pingree Hill Road, (which is located in a remote section of town) was completed. "Duncan Fund," formerly provided by the State, is no longer available for town use, due to the overall increase in town valuation.

During the month of July, the town treasury was depleted to the point where the town was forced to borrow money from the local bank to cover operating expenses until additional tax money became available. It was again a sign "of the times" to have to borrow at 5-1/4% on a "Tax Anticipation" loan as compared to the rate of 2-1/2% of just a few short years ago. Happily, enough tax money was paid to the town to enable the town to prepay one of the notes, thereby reducing interest payments somewhat.

The year 1970 has been a most trying year for your Selectmen, and we wish to express our sincerest thanks to all of you for your patience and consideration, as well as our thanks to other Town Officials for their fine cooperation.

POLICE DEPARTMENT REPORT

Early in 1970, William A. Hardy resigned as Chief of Police to accept a position as police officer in Londonderry, N. H. I, having been an active police officer for several years, was appointed Chief of Police. Officers Susan Brander, Norman Finney, Lindsey Rice, Josef Vaal and Civil Defense Auxiliary Police Officers have actively assisted myself in answering an average of 150 calls a month for the past nine months. These calls, for the most part, were received between the hours of 4:00 P.M. and 6:00 A.M.

Your police department is charged with responsibility in the regulation of traffic on the public highways, as covered by the motor vehicle laws of the State of New Hampshire; with the detection and conviction of criminals; with the prevention of crime; with the preservation of order on public occasions and with aiding all law enforcement agencies in the State of New Hampshire.

During 1970, Chester, N. H. has experienced a variety of felonies (crimes affecting the whole public and punishable by sentence in the State's prison of at least a year and a day) and misdemeanors (crimes, generally, affecting an individual and punishable by one year or less). These crimes have included second degree manslaughter, assault, breaking with intent, burglary, larceny, vandalism, malicious damage and motor vehicle violations.

Many appearances were made by your police department in District Court, Derry, N. H. and in Superior Court, Exeter, N. H. as an aid in the prosecution of criminal and motor vehicle violators. Public service, in addition to the responsibilities of a peace officer, was provided in answering sick calls, providing ambulance service and first aid. Dog, cat, horse, sheep, cow, pigeon, and mice disturbances were also obligingly answered.

The expense for 1971 to efficiently operate the Chester Police Department is estimated at \$6,130.00. An article is included in the town warrant asking the town of Chester to raise and appropriate this sum of money.

The proposed police department budget for 1971 would include a \$2.00 per hour rate of pay for all officers; would cover all vehicle usage at 12 cents per mile and would provide uniforms (summer and winter) and equipment necessary to the performance of efficient police duty in Chester, New Hampshire.

In 1970, the department has worked a total of 1,606 hours and have charged the town for 924 hours at a rate of \$1.00 per hour. Auxiliary Officers have received no remuneration. All vehicles used in police work are privately owned and privately insured. A total of 11,220 miles were covered by all vehicles and 10 cents a mile was received for 8,172 miles. Little or no compensation has been received for uniforms and equipment, office space and supplies, the majority of which is privately owned.

Respectfully submitted,

WILLIAM BRANDER III
Chief

Chester Police Department

LIBRARY REPORTS

The library was fortunate this year in acquiring through the efforts of Mrs. Hans Akselson two revolving book racks. These were revamped by Mr. Benton so that they would fit our needs.

With the additional space these racks provide, we will be able to borrow more books from the State bookmobile for the reading enjoyment of our growing number of readers. We loaned 5,021 books over the year.

Respectfully submitted,

FLORENCE OMAR

Librarian

Library Trustee - Treasurer

HIGHWAY DEPARTMENT REPORT

The past year presented no special problems for the Highway Department. Work on tarring Halls Village Road and Pingree Hill Road has been completed. We are now getting to a point where maintenance of the town roads adds up to more than the money raised.

We are asking for more money for tar sealing and more for salt for winter ice control. The spreader body proved to be a good addition to the Town equipment. Salt storage is a problem due to the fact it is stored in the Town Shed. Plans will have to be made for better storage.

We realize there is much work to be done. Due to rising costs and limited money, it will be some time before we have all tar roads. Bridges are also a problem which we have to try to improve.

I would like to thank the residents of Chester for the understanding, and also thank the individuals who helped by working for the Highway Department.

Respectfully submitted,

RAYMOND I. DOLLOFF, JR.

Road Agent

REPORT OF THE PLANNING BOARD

The Planning Board held 16 meetings during this past year for the purpose of conducting routine business, as well as formulating future proposed changes to the Chester Zoning Ordinance.

Permits granted in 1970 were distributed as follows:

New Homes	14
Additions	12

The Board thanks the residents of Chester for their cooperation during the past year.

RAYMOND I. DOLLOFF

Chairman

ROBERT T. LEWIS, Secretary

Recommended Appropriation 1971	\$100.00

Blocks worked 1970 #44-46

1971 Schedule - Finish 46 then 43

In the 1971 Legislature there is a Bill that provides that the State of N. H. take over the cost of Blister Rust Survey instead of Towns. If this Bill is passed, your Town will have your Appropriation returned to you.

WALTER J. GILBERT

District Supervisor

STATE OF NEW HAMPSHIRE

Division of Resources Developm't

VOLUNTEER FIRE DEPARTMENT REPORT

There were a total of thirty-six fire calls to the Chester Volunteer Fire Department during the year 1970. These fires were listed as follows:

10	Brush or Grass
5	House fires
4	Dump fires
6	Auto fires or accidents
2	Chimney fires
1	Trailer fires
2	Stand-by for other depts.
3	Miscellaneous
2	False Alarms

This is the largest number of calls the department has answered in the past eight years.

During the past year, the department has installed water and toilet facilities for the first time, lowered the floor in the original fire station and installed two new overhead doors for easier and faster exit. All of the aforementioned have been paid for through the efforts of the volunteers with no cost to the taxpayer. We have also added new hose, increasing our total footage to approximately 3,400 feet.

Through the cooperation of 11 citizens who own regulation size swimming pools, we have added over 100,000 additional gallons of water for fighting fires if necessary.

The department has continued to hold training sessions throughout the year and some members have attended state or county sponsored training schools.

The department accepted the resignation of Chief Robert T. Lewis with regret. Chief Lewis has given many hours to improving this department over the past ten years.

Respectfully submitted,

RAYMOND I. DOLLOFF, JR.
Fire Chief

REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

The fire season of 1970 was not a quiet one in this area, on the contrary, it was a very busy time with some towns reporting a greater number of fires than in past years. This record is not good.

Both state and towns are striving to meet this challenge. Results show that we are not doing enough, we must do more in the matter of fire prevention education, a more active inspection program and a more prompt, complete investigation of fires where definite cause is not known with court action where the need is indicated.

We must insist that minor children are given needed supervision, this is a parent's responsibility.

Your Warden and District Chief stand ready to help in this work.

Our gratitude to all who have helped in forest fire prevention and suppression this past year and we look forward to this continued help in our effort to improve our good prompt detection system and fast suppression action. This, coupled with a good prevention program, will improve our fire record.

Follow these simple suggestions to help:

Set a good example for others by observing fire permit laws and regulations; take your debris and waste to the town dump; keep matches away from children and be sure your smoking material is dead out when discarded.

Number of fires reported and acres burned - 1970 season:

STATE	484 fires	244 acres
DISTRICT	189	170
TOWN	5	4

RALPH STEVENS
District Fire Chief

RAYMOND DOLLOFF
Forest Fire Warden

BOARD OF ADJUSTMENT REPORT

The Board acted on three requests for variances and five applications for new businesses, all were approved.

The Board would like to thank the townspeople for their cooperation.

RICHARD WIGGIN
ROBERT CHILD

CIVIL DEFENSE REPORT

This year, three men were formed into the Police Auxiliary to the regular police. They spent almost 400 hours during the hot summer training in Exeter in the many police fundamentals. They also purchased their own uniforms and on many occasions augmented the paid members at social and public gatherings.

Numerous times, they went on patrols, assisted at accidents and were called out at all hours of the night to help the regular police. I wish in some way they could be thanked other than by me. They are Fred Follmer, Barrie Leighton and James Coburn.

Respectfully,

LINDSEY F. RICE
Director of Civil Defense

BUILDING INSPECTOR AND HEALTH OFFICER'S REPORT

1. One addition to a building disapproved jointly with the Planning Board. It was reported to the Chairman of Selectmen.
2. Six homes were visited for health of Foster Children.
3. (Animal Bite) One case of suspected Rabies from unidentified animal bite. Dr. Anderson was notified that Serum was available free and delivered to the attending Physician or Hospital by request of the Doctor. As per Dr. Uladas Kaupas, Health Office, Concord.
4. Sanitary Inspection. Investigated one complaint of Sewage seeping above ground.
5. Eleven Sewage systems inspected for installation as per plans submitted and instruction by the N. H. Water Supply and Pollution Board.

Respectfully submitted,

CLIFTON D. HOLMAN

250TH ANNIVERSARY REPORT

Sketches were submitted for the Commemorative Coin by Lucy Reid of Chester and Warren L. Noyes of Hollis, N. H. One very striking proof based on these sketches has been submitted by a coin making firm.

The fund-raising raffle for a 600-dollar travel certificate was won by James W. Towle, Sr. Mr. and Mrs. Towle traveled to California to visit two daughters and to Texas to visit two sons. Second prize of a 100-dollar certificate was won by Mrs. Ralph Seabury who went to see her daughter in the mid-west. The third prize camera was won by Stephen Grover from Derry.

The note paper, with the Congregational Church featured on it, is still being sold at the Ebenezer Flagg House. Fifteen sheets and 15 envelopes for a dollar.

The fund-raising project for this year is going to be a musical comedy sometime in early May. This will be put on by the committee with assistance from any who can find time and interest to assist.

Much money has been added to the anniversary committee savings account through the efforts of the committee and the scouts in the collection of scrap paper. Max Hardy has given permission to use part of the hatchery for storage area. Between paper drives, pick-ups from individuals and stores, the collection grows quite rapidly. We would like to encourage more people to save their paper and cardboard, as it hurts less to give away something you would normally throw away than to dig deeper into the tax pocket of your money belt for funds to celebrate on.

Final note to all who are interested in assisting, the next meeting of the committee will be on March 31 at 8 P. M. at the Chester School.

JAMES W. TOWLE, JR.
Chairman

REPORT OF DERRY VISITING NURSE ASSOCIATION

May 1, 1971, will mark the end of the first year of service to Chester. It seems appropriate at this time to submit both a report and a summary of the types of services available to Chester residents.

The Derry Visiting Nurse Association is an approved Home Health Agency (with "Medicare" accreditation). It employs registered professional nurses and serves the Towns of Derry, Windham and Londonderry, as well as Chester. Its function is to provide and teach the family to provide quality home nursing care to the patient in need of such care. It does not function as an emergency nursing service (which is occasionally a misunderstanding). People in need of emergency care are urged to call on their physicians, emergency room and ambulance.

The Types of home visits made by the visiting nurse fall into more than one category, as follows:

NO FEE VISITS: (no charge to patient)

Maternal and Child Health Visits (new baby)

Immunization checks on 6 - 18 month old babies

Monthly Health Supervision Visits:

- a. As liaison for state agencies, such as Crippled Childrens Services etc.
- b. For purpose of checking to see if elderly or handicapped person living alone is well etc.

FEE VISITS:

Visits made under written order of patient's personal physician to perform specific nursing procedures.

Such as:

Bedbath

Hypodermic injection

Blood pressure

Diet instruction

Surgical dressing

This type of visit may be initiated by the doctor, or by the patient or family themselves, in which case often one visit is made to evaluate the patient's needs prior to obtaining the doctor's order.

TOWN WARRANT
BUDGET

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Chester in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Stevens Memorial Hall in said Chester on Tuesday, the 9th day of March, next at 10:00 of the clock in the forenoon, to act upon the following subjects: Propose to close polls at 6:30 P.M. Article 2 and articles thereafter to be taken up at 8:00 P.M.

1. To choose all necessary Town Officers for the year ensuing.

2. To hear the reports of Agents, Auditors and Committees or Officers heretofore chosen, and pass any vote relating thereto.

3. To raise such sums of money as may be necessary to defray Town Charges for the year ensuing and make appropriation of same (\$10,160) (see T.C. Budget Figures).

4. To see if the Town will vote to raise and appropriate a sum of money for the maintenance and improvement of highways and pass any vote relating thereto (\$13,000 for summer and \$8,000 for winter, total \$21,000).

5. To see if the Town will vote to raise and appropriate a sum of money for the General Expenses of the Highway Dept. (\$1,500).

6. To see if the Town will vote to raise and appropriate a sum of money for Class V roads, \$868.17; the state to contribute \$5,787.78.

7. To see if the Town will vote to raise and appropriate a sum of money for the maintenance of Stevens Memorial Hall and other Town buildings (\$3,000).

8. To see if the Town will vote to raise and appropriate a sum of money for the care of the Town Poor; also its share of the cost of Old Age Assistance (Town Poor \$2,000; O. A. A. \$1,500 - Total \$3,500).

9. To see if the Town will vote to raise and appropriate a sum of money for membership for one year in the Derry Visiting Nurse Association (\$500).

10. To see if the Town will vote to raise and appropriate a sum of money to defray the expenses of the Fire Department (\$2,500).

11. To see if the Town will vote to raise and appropriate a sum of money to be placed in "Capital Reserve Fund," to be maintained by the Trustees of Trust Funds, for the future purchase of a fire truck (RSA 35:1, 35:10) (\$1,000).

12. To see if the Town will vote to raise and appropriate a sum of money to defray the expenses of the Police Department (\$4,000).

13. To see if the Town will vote to raise and appropriate a sum of money for the operation of the Disposal Area (\$750).

14. To see if the Town will vote to raise and appropriate a sum of money to cover the cost of insuring Town buildings, Town equipment and Town employees (\$2,000).

15. To see if the Town will vote to raise and appropriate a sum of money to cover legal expenses (\$3,500).

16. To see if the Town will vote to raise and appropriate a sum of money to defray the expenses of the "250th Anniversary Celebration" in 1972 (RSA 31:4 XXI). "Anniversary Fund" to be administered by the Trustees of Trust Funds (\$1,000).

17. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

18. To see if the Town will allow a discount of 1% on all property taxes paid by Sept. 1st, or within 10 days after receipt of tax bill.

19. To see if the Town will authorize the Selectmen to sell property, acquired by the Town thru Tax Collector's deeds, at public auction.

20. To see if the Town will vote to request the State Tax Commission, to make a complete re-appraisal of land and other properties within the Town to equalize values according to law, and to raise and appropriate the sum of (\$3,000) (partial payment of approximate total cost of \$12,000).

21. To see if the Town will establish a town Conservation Commission as set forth in R. S. A. 36-a: "and that the Selectmen appoint said Commission within 30 days from the date of the annual meeting and that a temporary chairman be appointed to call the first meeting of the Commission."

22. To see if the Town will vote to raise and appropriate the sum of (\$1,000) (to help defray expenses of Derry Fire Dept. Ambulance Service).

23. To see if the Town will authorize the Selectmen to appoint a Police Chief.

24. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 13th day of February, in the year of our Lord nineteen hundred and 71.

DAVID C. REID

Selectmen of Chester

BUDGET ADVISORY COMMITTEE REPORT

On February 6, 1971, the Budget Advisory Committee met with the Selectmen to review the proposed budget for the 1971/72 year.

In relation with the times, every item with few exceptions was up a considerable amount over last year's appropriations.

Most notable were increases in the Police Department, Damages and Legal Expenses, Health Department, Town Maintenance and Town Poor.

The Budget Advisory Board unanimously felt that the 100% increase sought by the Police Department was not needed and would recommend that the amount be reduced to the amount needed to run the Police Department this year. Also, that every effort be made to use the men and facilities of the State and County Police Departments to reduce the burden on the Town's officers.

The item under "Payment to Capital Reserve Funds, 250th Anniversary" was discussed and the views of the committee was such that the townspeople evaluate this proposal to add \$1,000.00 to that fund in the light of so few other means of reducing the proposed budget.

The Selectmen should be commended for their time and effort expended this year in running town affairs and trying to submit a budget favorable to everyone.

PHILIP A. MENARD, Chairman
EDWARD J. MURPHY
PHILIP B. HOLMES

Total			
Appropriations	\$48,583.67	\$48,879.53	\$58,478.17

Therefore, it can best be said that the payment which the agency receives from the town provides the following services for one year:

1. The basic affiliation agreement with the agency.
2. All "no fee" visits (as explained).
3. Participation in any Visiting Nurse Association sponsored health activity, such as clinics, pre-natal classes, etc.
4. Home visits of the "doctor's order" type to those unable to pay all or part of the fee.
5. All mileage costs for visits made in the Town.

Summary for this first year in Chester:

As of this writing, there are 3-1/2 months left in the contracted period of time. In the time already passed, 62 visits have been made and approximately 271 miles travelled. It is anticipated that the number of visits per year will increase as people become more aware of the service.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Chester, New Hampshire qualified to vote in district affairs:

You are hereby notified to meet at the Steven's Memorial Hall in said district on the 9th day of March 1971, at 10:00 o'clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a School Board Member for the ensuing two years.
4. To choose a School Board Member for the ensuing three years.
5. To choose a Treasurer for the ensuing year.

Given under our hands at said Chester this 16th day of February 1971.

WAYNE A. STUART
EDITH A. KRAUSHAAR
RICHARD I. SPENCER

A true copy of Warrant - Attest:

WAYNE A. STUART
EDITH A. KRAUSHAAR
RICHARD I. SPENCER
School Board

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Chester, New Hampshire qualified to vote in district affairs:

You are hereby notified to meet at the Steven's Memorial Hall in said district on the 6th day of March 1971, at eight o'clock in the afternoon to act upon the following subjects:

1. To hear reports of agents, auditors and committees or officers chosen and pass any votes relating thereto.

2. To see if the District will authorize the school board to make application for and to accept on behalf of the District any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government and/or the State of New Hampshire.

3. To see if the District will vote to authorize the school board to accept in the name of and in behalf of the school district gifts for the use of the school.

4. To see if the District will vote to accept the provisions of Public Law 89-10 designed to improve educational opportunities with particular reference to low-income families, and to appropriate such funds as may be made available to the District under the Federal Act for such particular projects as may be determined by the school board. Further, to see if the District will authorize the school board to make application for such funds and to expend the same for such projects as it may designate.

5. To see if the District will vote to raise and appropriate the sum of ten thousand dollars (\$10,000.00) as a capital reserve fund for the purpose of constructing and equipping an addition to the Chester Elementary School.

6. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the District.

7. To transact any other business that may legally come before this meeting, including the appointment of committees.

Given under our hands at said Chester this 16th day of February 1971.

BUDGET ADVISORY COMMITTEE REPORT

On January 29, 1971, the Budget Advisory Committee met with the School Board and the Superintendent of Schools for the purpose of reviewing the proposed School Budget for the 1971/72 year.

On some matters, such as high school tuition, the budget is up 25%, but the School Board has no control over this.

Due to a switch to another supervisory union to take place next year, and over which the School Board again has no control, the cost to Chester's taxpayers will increase approximately 49%. The switch being the result of a realignment of school unions which this committee feels the resultant large increase in tax burden was a move not economically in the best interests of the town.

Other increases which are commensurate with the normal operation of the school were found to be reasonable. These increases amount to approximately 7% over last year.

The above mentioned increases will bring an increase of approximately 13% over the budget proposed last year. This committee feels these increases are reasonable and in the good interests of the town of Chester and the education of its children.

The item in the budget under "Capital Reserve Fund" this committee feels that, since this item will come under a separate article, the townspeople should make the decision whether this action should be taken. The committee feels that this fund would be economically right if and when the building of an addition is needed, but whether the town wishes to add this fund to their tax burden at this time, we feel that the choice is up to the citizens of Chester.

BOARD CHAIRMAN'S REPORT

The close of the 1969/70 school year found the Chester School with only one classroom teacher planning to return in the fall. The principal, Mr. Conte, had resigned to seek an administrative post elsewhere, and nine of the ten classroom teachers had also decided to pursue their careers in other schools - each for his own set of reasons.

Fortunately, the District had appropriated funds for Chester's first full-time supervising principal for the 1970/71 school year, and the Board hired Mr. Carleton R. MacFarlane to that post. Mr. MacFarlane started on July 1 with two teachers under contract and proceeded to add the nine more teachers necessary to staff Chester's classrooms by the time school opened in September. That staff is a fine one, and the spirit of the Chester School has never been more optimistic than it has been this fall. The Board was so pleased with Mr. MacFarlane's leadership and service to the District that we presented him with a citation to that effect, accompanied by a check for \$500, shortly before Christmas.

A four-room addition to the school had been opened in the fall of 1969/70, and three of the new classrooms were put to use the first year. The fourth was occupied in the fall 1970/71, and the need for more space presses upon us. The Chester School enrollment stood at 189 students in the fall of 1963, in the fall of 1970 at 280, and the Board must plan on at least 292 students in the fall of 1971. That represents a 55% enrollment increase over the past seven years.

But total number of students is not as critical as individual class size. With the eleven rooms we have been able to provide two first grades and two second grades to maintain manageable classroom populations in those important early grades. We did not have the space or funds this year to do the same for many of the other grades with classroom populations of over 30 students. However, we were able to take advantage of the educationally sound concept of combining grade levels in a single classroom to reduce class sizes in the third and fourth grades. We simply divided these two grades into three classroom units. The third/fourth grade thus created is doing well and we hope to create a second such combined grade classroom next year. But by the fall of 1972 we will have exhausted all the possibilities of our

current building, and we will be required to have more classroom space available.

The Building Committee accepted the 1969/70 addition in June of 1970 after careful scrutiny for several months. They then proceeded over the summer to construct an asphalt basketball court and do some landscaping around the school. Interest money from short-term investment of building funds and an electric heating allowance, plus a small school district appropriation approved for such use at the March meeting, paid for these summer projects. With the fall census of student population and resulting consideration of Chester's future classroom needs, the Building Committee has now begun to plan for an addition to the school which will be needed in the fall of 1972.

The Citizens for Better Schools have been quite active this year and have made substantial contributions to the school, both in equipment and in spirit. We hope they will continue in the future to convey their pleasures and displeasures with the school to Mr. MacFarlane as they have done so well this year.

As of July 1, 1971, Chester will be transferred from Supervisory Union #10 (the Derry Union) to Supervisory Union #14. Union #14 will then include the towns of Newton, Kingston, Newmarket, Epping and Fremont. This change was recommended by the Deputy Commissioner of Education and approved by the State Board of Education in October, 1970. The Chester Board has mixed feelings about the move, and we have discussed our reservations with the Commissioner - but to no avail. Therefore, we intend to try to maximize whatever benefit there might be in this new Union affiliation.

The Kans Bus Lines of Derry was the low bidder for the new three-year bus transportation contract which will take effect in the fall of 1971. The Board wishes to extend our sincere appreciation to Arthur Dolloff for the service he has provided Chester under current and past transportation contracts. We hope he will indeed be among the bidders for the next transportation contract to be awarded three years from now.

SUPERINTENDENT'S REPORT

To the citizens of Chester, I hereby submit my annual report as Superintendent of Schools.

In October of 1957, Russia placed in orbit an artificial satellite called "Sputnik."

Curriculum and curriculum development became front-page news and citizens began to realize the importance of more expensive curricula for college-bound as well as non-college bound youngsters. General education as well as better vocational offerings, particularly on the higher and more technical level were in demand. The necessity for meeting the needs of all our students became very important.

Traditionally, curriculum was only a collection of textbooks used by a given school system. As the purposes of educations have broadened, the idea of curriculum has changed to include all the means used by a school system to provide students with opportunities for a profitable learning experience. The business of living is now the curriculum of our schools. Over the past four years, in this Union, teachers, administrators, consultants and lay people have been working together to make available to the teachers curriculum materials. It will not be easy for these students to make decisions without the right information; it takes profound thought and knowledge, it takes courage to act and to behave democratically. Children have to be prepared for all of this. Your schools have been given the assignment of helping students to understand the world in which they live, and to make decisions about current problems and to prepare for a future world that we do not completely understand.

This Union has become increasingly aware that curriculum development is an integral part of the educational process. It is no longer sufficient to rely only on a textbook for a given subject. The teacher, through her curriculum guide, must be given the ideas and understandings that a community feel are important for their children. It is no longer enough to rely on the standard textbooks. Other media must be placed in the hands of the teachers. Current research in education has revealed that

learning takes place through all the senses, therefore, the teachers must have access to such materials as filmstrips, visual transparencies, charts, models and tapes.

The main emphasis in curriculum study in this Union is to place in the hands of the teachers the ideas and concepts that are to be taught in each subject. Along with these concepts we want to provide a teacher with the necessary materials to enable her to do her job. When this has been accomplished, each classroom teacher will be able to organize and present the materials in her own particular style of teaching.

We do not want a stereotyped teaching. We want to be certain, however, that each student has the opportunity to receive a similar background of knowledge in our Supervisory Union. We feel that the best way to do this is by the staff working together, with consultants, to write curriculum guides for each subject. We fully realize, however, that a good curriculum is never complete; that it undergoes constant evaluation so that it may meet the needs of our changing community.

I would like to express my appreciation to Mr. Arthur Mitchell, Assistant Superintendent of Schools, for his leadership in the curriculum program.

Great strides in education have been made in Chester in the past two years. The school building has been completely redecorated inside and new tile floors installed in several classrooms. The library program has been established with the aid of voluntary help. The spirit of the school reflects happy students and a dedicated staff. The citizens of Chester have reason to be proud of their school.

The man most responsible for the current spirit that prevails at the school is the principal, Carl MacFarlane. He has devoted long hours in the planning of a program for the school and has also worked with the staff to see that his program has been carried to the students.

The Chester School Board has worked long and hard to provide the resources that have enabled the school to be repainted

and the funds to provide additional teachers and the necessary supplies and equipment to implement Mr. MacFarlane's program.

I wish to thank the School Board, Mr. MacFarlane and the faculty and staff for their concern in education and their help in solving the problems of the school.

I would like to commend Mr. Anastas Christo, Director of Pupil Personnel, for his dedicated efforts to provide programs for the special students in this Union.

Respectfully submitted,

BERNARD J. ELLIS
Superintendent of Schools

AUDITOR'S REPORT

This is to certify that I have examined the accounts of the Chester School District Treasurer and find them to be correct and properly vouched.

HAROLD B. CHASE, JR.
School District Auditor

PRINCIPAL'S REPORT

To the citizens of Chester, I hereby submit my second annual report.

My main task this year was to develop a curriculum that was child-centered, integrated and emergent. This type of program enables a child to work at the level where he is in each subject and progress in the best way he can. There are three principle ways in which a program of this type can be implemented:

(1) By providing multi-level instruction in a self-contained, heterogenous classes. This was accomplished in grades one through six.

(2) By assigning children to classes according to performance levels and then providing instruction from one class to the next on different levels of difficulty. We did this for the mathematics classes in grades six through eight.

(3) By a departmentalized program where students work under the direction of different teachers in various subject areas. This was done in the seventh and eighth grades for language arts, science and social studies.

Another area I spent a considerable amount of time in was to assist teachers in classroom control. We found it helpful to draw upon such principles of positive discipline as these:

(1) The effective teacher considers the individual child in the teaching-learning situation. It is imperative that mutual respect be developed in the classroom. Personally, I find this norm missing when a teacher has discipline problems.

(2) The effective teacher considers small details which contribute to order and achievement. Small, but significant considerations include clarity in giving directions, visual alertness in noting what is taking place in the classroom, mobility in getting around the classroom and organization in planning and executing lessons.

(3) The effective teacher is a model of good conduct. Through her impartiality, fairness, respect for others, use of courtesy and sense of humor she teaches by example. Children learn from her attitudes and actions that firmness is not incompatible with friendliness.

(4) The effective teacher works for approved conduct more by positive influence than by negative. She discovers and

enriches student interests, harnesses them to essential academic skills. She provides for the achievement of rewards which are inherent in the activity.

(5) The effective teacher helps children to determine and accept self-responsibility. She strives for more mature conduct by assisting children to evaluate their own feelings and deportment. Through her efforts children learn to better understand the consequences of their own behavior.
